

POST-MORTEM PETFOOD INSPECTION

This course is designed for businesses that require animal product examiners to inspect carcasses and viscera before processing into petfood. The course is highly visual and is specifically tailored to the petfood industry. Upon successful completion of this course and relevant assessments, attendees will receive the National Certificate in Animal Product Examination Services (Petfood) Post-Mortem Examination.

KEY BENEFITS

- › Proves commitment to meeting regulatory requirements and customer expectations of reducing the risk of non-compliance.
- › Trainees achieve the National Certificate in Animal Product Examination Services (Petfood) in Post-Mortem Examination.

WHO SHOULD ATTEND

- › Employees responsible for post-mortem examination of animals for pet food
- › Supervisors of processing areas
- › Internal auditors

NZQA UNIT STANDARDS ACHIEVED

- › 20205 - Describe the function, operation and legislative basis of animal examination for petfood processing (2 credits).
- › 20207 - Demonstrate knowledge of disease processes that affect animal raw materials for petfood use (6 credits).
- › 13489 - Explain how hygiene practices reduce the risk of animal product spoilage and food poisoning
- › 20200 - Describe the blood and lymph systems examined in petfood processing (5 credits).
- › 20201 - Describe anatomical features of carcass and viscera of farmed mammals examined in petfood approvals (6 credits).
- › 20202 - Demonstrate knowledge of post-mortem examination hygiene requirements for petfood processing (3 credits).

- › 20206 - Demonstrate knowledge of and conduct post-mortem examinations for petfood processing (40 credits).
- › 2503 - Maintain hand knives in the meat processing industry (2 credits).
