

Certificate of Conformity

This is to Certify **Fastwrap Wall Underlay**

Product Description

Fastwrap Wall Underlay is a synthetic underlay for use under wall claddings on timber and steel framed buildings. The product is manufactured from an ultra-violet (UV) light resistant, non-woven, spun-bonded polypropylene. It has a beige coloured outer surface and a white inner surface.

Complies with the Building Code of New Zealand:

When used in accordance with the conditions and limitations of this certificate, Paul Industries Fastwrap Wall Underlay will comply with the following NZBC clauses;

B2 Durability – B2.3.1 (a), B2.3.2 (a)

E2 External Moisture – E2.3.2

F2 Hazardous Materials – F2.3.1

Subject to the following conditions and limitations:

1. Storage, handling and installation must be as per the Fastwrap Wall Underlay Technical Information Sheet dated 20 April 2018 V1 and BRANZ appraisal 615 (2008), both found on Paul Industries website, www.paulindustries.co.nz

Paul Industries will notify AsureQuality Ltd in accordance with Regulation 15 of the Building (Product Certification Regulations 2008)

"This certificate is issued by an independent certification body accredited by the product certification accreditation body appointed by the Chief Executive of the Ministry of Business, Innovation and Employment (MBIE) under the Building Act 2004.

The MBIE does not in any way warrant, guarantee, or represent that the building method or product the subject of this certificate conforms with the New Zealand Building Code, nor accept any liability arising out of the use of the building method or product.

The MBIE disclaims, to the extent permitted by law, all liability (including negligence) for claims of losses, expenses, damages, and costs arising as a result of the use of the building method(s) or product(s) referred to in this certificate.

This certificate may only be reproduced in its entirety."
