

Engineering Services

INSPECTION AND
CERTIFICATION

We are an approved
Recognised Agency
providing independent
evaluation, verification
and other services to
the Food and Dairy
Sectors.

New Zealand has long been renowned for its food. Where growers, farmers and producers work hard to uphold what Aotearoa stands for in food – a higher standard of quality and safety. We are proud to work with them to help build and protect this enduring trust in food.

We are members of the EHEDG and offer the following services:

- Premises evaluations
 - . Design reviews
 - . Plant layout reviews
 - . Onsite reviews
 - . Independent assessments
- Heat treatment
 - . Heat treatment validation
 - . Heat treatment evaluation
 - . Heat treatment operational checks
- Fabrication Inspections
 - . Process equipment inspections during fabrication and completion
 - . Endoscope camera inspections available for hard to reach areas
 - . Confirmation of hygienic design and specification conformance (NZ and offshore)
- Industry Training
 - . Heat treatment awareness training for pasteurisation and UHT
 - . Customised training available for hygienic design and best practice factory design for dairy and food industries
