Standard

IHS.SOWTR, Soil, Rock, Gravel, Sand, Clay and Water

PLANTMATERIAL.IHS, Dried and Preserved Plant Material and Plant Material for Research

Post Entry Type : Laboratory - aprvd

Standard Reference : 154.02.17 (Standard - Transitional Facilities for Biological Products)

Transitional Facility : AsureQuality - Auckland (Labnet) **Operator :** Shalendra Naidu
131 Boundary Road
Blockhouse Bay
Auckland

Ref : 1512

Special Conditions :

1. All consignments of frozen plant material must be frozen for a minimum of 7 days prior to despatch, at -18°C for fruit fly host material and at -10°C for non-fruit fly host material. An exporter declaration must accompany each frozen consignment describing the freezing process.

2. Samples of plant material and seeds are eligible for import under Part 5.3 of the import health standard "Importation of Dried and Preserved Plant Material, and Fresh Plant Material for Testing, Analysis or Research" which can be viewed at:

<http://mpi.govt.nz/importing/plants/dried-and-preserved-plant-products/>.

2. Samples of water are eligible for import under Part 2.1 of the import health standard "Soil, Rock, Gravel, Sand, Clay and Water" which can be viewed at:

<http://mpi.govt.nz/importing/other/soil-rock-and-water/>.

4. MPI has determined that direction to the listed transitional facility is required for material imported under this permit.

IMPORTANT INFORMATION FOR PERMIT HOLDERS AND AGENTS

- 1 This permit, and compliance with the provisions of the specific import health standard(s) and/or entry conditions, does not guarantee that the goods you import will be given biosecurity clearance. There are other restrictions in sections 27 and 28 of the Biosecurity Act 1993 which apply to the giving of biosecurity clearance. The Biosecurity Act may be accessed at www.legislation.govt.nz
- 2 You will need to ensure that the goods you import comply with the provisions of the specific import health standard(s) and/or entry conditions that are applicable. The import health standard may be amended during the course of your permit. Import Management will notify you of any significant changes to the import health standard and will re-issue the permit to accommodate these changes.
- 3 There are a number of other provisions in the Biosecurity Act 1993 which may affect you. If you commit an offence against the Biosecurity Act 1993, heavy penalties under section 157 of the Act might apply.
- 4 Apart from the Biosecurity Act 1993, there are other laws relating to or prohibiting the importation of goods. This permit, and compliance with the provisions of the specific import health standard(s) and/or entry conditions, does not absolve you of the need to comply with these laws.
- 5 Unless specifically identified in 'Description of Items' or 'Special Conditions' of the permit, NO new organisms, including genetically modified organisms, are permitted entry under this permit.
- 6 All cultures must be:
 - clearly labelled with the scientific strain and name
 - consigned in leakproof packaging
 - free from contaminants
- 7 All new organisms must not be opened until received by the nominated containment facility.
