#### Special Conditions :

1. Consignments must be imported in accordance with the import health standard "Research samples (excluding animal samples)", which is available at the following website:  
<https://www.biosecurity.govt.nz/dmsdocument/45271>
2. The goods have been assessed and are eligible for import under Part 2.1 of the above import health standard.
4. Samples of viable plant material (including seeds, fruit, vegetables, leaves, raw nuts etc) must be labelled with the scientific name of the plant species they are derived from.
5. Consignments must be directed to the transitional facility listed on this permit.
6. Samples of fresh fruit must be stored at 5oC +/- 3oC within the transitional facility listed on this permit and destroyed following analysis.
7. Primary packages must only be opened within the transitional facility listed on the permit.

~~8. No suspension of or from any material listed on this permit is allowed.~~

8. NO propagation of, or from, any material listed on this permit is allowed.

## INFORMATION

Goods imported under this permit contain delicate material of research value. Opening primary packages for inspection may destroy their usefulness as research samples.

---

## IMPORTANT INFORMATION FOR PERMIT HOLDERS AND AGENTS

- 1 This permit, and compliance with the provisions of the specific import health standard(s) and/or entry conditions, does not guarantee that the goods you import will be given biosecurity clearance. There are other restrictions in sections 27 and 28 of the Biosecurity Act 1993 which apply to the giving of biosecurity clearance. The Biosecurity Act may be accessed at [www.legislation.govt.nz](http://www.legislation.govt.nz)
- 2 You will need to ensure that the goods you import comply with the provisions of the specific import health standard(s) and/or entry conditions that are applicable. The import health standard may be amended during the course of your permit. Import Management will notify you of any significant changes to the import health standard and will re-issue the permit to accommodate these changes.
- 3 There are a number of other provisions in the Biosecurity Act 1993 which may affect you. If you commit an offence against the Biosecurity Act 1993, heavy penalties under section 157 of the Act might apply.
- 4 Apart from the Biosecurity Act 1993, there are other laws relating to or prohibiting the importation of goods. This permit, and compliance with the provisions of the specific import health standard(s) and/or entry conditions, does not absolve you of the need to comply with these laws.
- 5 Unless specifically identified in 'Description of Items' or 'Special Conditions' of the permit, NO new organisms, including genetically modified organisms, are permitted entry under this permit.
- 6 All cultures must be:
  - clearly labelled with the scientific strain and name
  - consigned in leakproof packaging
  - free from contaminants
- 7 All new organisms must not be opened until received by the nominated containment facility.
