#### Import Health Standard

BIOLOGIC.ALL, 17 Dec 2021, BIO - Biological Products

IHS.SOWTR, Soil, Rock, Gravel, Sand, Clay and Water

PLANTMATERIAL.IHS, Dried and Preserved Plant Material

**Post Entry Type :** Transitional Fac

**Standard Reference :** 154.02.17 (Standard - Transitional Facilities for Biological Products)

**Transitional Facility :** AsureQuality - Auckland (Labnet) **Operator :** Shalendra Naidu  
131 Boundary Road  
Blockhouse Bay  
Auckland

**Ref :** 1512

**Special Conditions :** You must comply with the import health standards (IHS) listed on this permit and meet any special conditions recorded below. The IHS can be found at:  
<https://www.mpi.govt.nz/legal/compliance-requirements/ihs-import-health-standards/>

Samples must be from clinically healthy animals.

Products imported under this permit are intended to be used for chemical analysis. If products on this permit also require microorganism enrichment, isolation and/or culture they must be imported on the appropriate restricted import permit issued under the import health standard for microorganisms.

All microorganism work must be completed prior to undertaking chemical analysis.

BONLAC / FONTERRA AUSTRALIA CONSIGNMENTS from Australia are not required to be inspected by MPI Inspectors at the port of arrival but may be directed

required to be inspected by MPI inspectors at the port of arrival but may be directed immediately to the transitional facility specified on this permit.

#### FOR BEE RELATED PRODUCTS AND SAMPLES

The areas of the transitional facility where the bee product is exposed or likely to be exposed must be insect proof as approved by MPI in the transitional facility's operating manual.

Once evaluation is complete, the remaining samples, all residues and wrapping materials must to be destroyed as per the facility's approved operating manual or by incineration at a transitional facility approved by MPI for that purpose.

---

### IMPORTANT INFORMATION FOR PERMIT HOLDERS AND AGENTS

- 1 This permit, and compliance with the provisions of the specific import health standard(s) and/or entry conditions, does not guarantee that the goods you import will be given biosecurity clearance. There are other restrictions in sections 27 and 28 of the Biosecurity Act 1993 which apply to the giving of biosecurity clearance. The Biosecurity Act may be accessed at [www.legislation.govt.nz](http://www.legislation.govt.nz)
- 2 You will need to ensure that the goods you import comply with the provisions of the specific import health standard(s) and/or entry conditions that are applicable. The import health standard may be amended during the course of your permit. The Ministry for Primary Industries (MPI) will notify you of any significant changes to the import health standard and will re-issue the permit to accommodate these changes.
- 3 There are a number of other provisions in the Biosecurity Act 1993 which may affect you. If you commit an offence against the Biosecurity Act 1993, heavy penalties under section 157 of the Act might apply.
- 4 Apart from the Biosecurity Act 1993, there are other laws relating to or prohibiting the importation of goods. This permit, and compliance with the provisions of the specific import health standard(s) and/or entry conditions, does not absolve you of the need to comply with these laws.
- 5 Unless specifically identified in 'Description of Items' or 'Special Conditions' of the permit, NO new organisms, including genetically modified organisms, are permitted entry under this permit.
- 6 All cultures must be:
  - clearly labelled with the scientific strain and name
  - consigned in leakproof packaging
  - free from contaminants
- 7 All new organisms must not be opened until received by the nominated containment facility.
