BIOLOGICAL PRODUCTS DERIVED FROM PLANTS

Biological products derived from plants are not permitted to be imported under BIOLOGIC.ALL and must be imported under an applicable plant-related import health standard.

FOR ANY PRODUCTS THAT ARE, OR CONTAIN, RUMINANT MEAT AND BONE MEAL (MBM)

Products / samples that are entirely comprised of MBM sourced from ruminant animals must NOT be imported under this permit. Please contact animal.imports@mpi.govt.nz for import information.

Products / samples that are entirely comprised of MBM sourced from non-ruminant animals can be imported under this permit provided they are accompanied by a document stating the following: "The Meat and Bone Meal (MBM) sample is not derived from ruminant animals. The sample is derived from <INSERT NON-RUMINANT SPECIES MBM IS DERIVED FROM>"

Products / samples that contain ruminant MBM as an ingredient, rather than comprising entirely of ruminant MBM, can be imported under this import permit.

The areas of the transitional facility where invertebrate samples or product is exposed or likely to be exposed must be invertebrate proof as approved by MPI in the transitional facility's operating manual.

Items imported under this permit are for in vitro laboratory use only and cannot be used in the manufacture of products to be used in/on, animals.

ANIMAL SAMPLES

- May include but is not limited to oil, cooked meat, meals, dairy, and animal feed as long as they are for evaluation and destruction only.

- May need to meet CITES requirements: A Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) permit to export from the originating country may be required. In the case of samples collected prior to the establishment of CITES, a declaration is required.

Important Information for Permit Holders and Agents

1. This permit, and compliance with the provisions of the specific import health standard(s) and/or entry conditions, does not guarantee that the goods you import will be given biosecurity clearance. There are other restrictions in sections 27 and 28 of the Biosecurity Act 1993 which apply to the giving of biosecurity clearance. The Biosecurity Act may be accessed at www.legislation.govt.nz.
2. You will need to ensure that the goods you import comply with the provisions of the specific import health standard(s) and/or entry conditions that are applicable. The import health standard may be amended during the course of your permit. The Ministry for Primary Industries will notify you of any significant changes to the import health standard and will re-issue the permit to accommodate these changes.
