Maize

I. * White Clover/Strawberry Clover - If sowing is a <u>change of cultivar</u> in Nucleus, Breeders or Basic class,

application for certification must be made by the first Monday in June.

- II. Where a public holiday falls on a Monday specified, the closing date is extended one day to the Tuesday immediately following.
- III. Overseas cultivars of species for which there is a set closing date should, where possible, be entered by that date, otherwise within 14 days of sowing. For other species where there is no set closing date the crop must be entered within 14 days of sowing.
